

Frequently Asked Questions About Shadow Mountain

Will my student be in the same session as his/her friends?

With online registration, parents just need to coordinate amongst themselves what session to register their student in.

What if my student has food allergies? (Who can I talk to about them?)

Food allergies and other health related concerns should be shared with the registration information. This information is discussed as a staff before every session to ensure the students' special needs are met. Some parents choose to send special foods with their student.

Can my student be in the same cabin as his/her friends?

Students have an opportunity to team up with friends and choose a cabin together. In almost all cases students can be in the same cabin as their friends. We have three cabins at Shadow Mountain, each cabin can accommodate approximately 40 students. Each cabin has multiple twin beds and/or twin bunk beds, with mattresses. There is also a separate room in each cabin for the counselors (most of the time the counselors sleep out on the deck of the cabin, weather permitting).

Can I register my student and pay later (I don't get paid until _____)?

With online registration, parents must pay the fee at the time of registration. Slots cannot be reserved.

What happens if my student gets sick (before or during camp)?

We will contact a parent if/when a student gets sick or injured at camp if it is necessary to send them home. If a student gets sick before camp and cannot attend, try and find a slot during another session. If that is not possible, please call Shawn (801-489-3021, ext. 6) about a possible refund and to free up the slot.

What if my student needs diabetic shots during camp?

We have qualified people on staff that have experience dealing with diabetic concerns. Please indicate during the registration process that your student is diabetic and has special needs.

Is the Staff made up of teachers or people from the community? Do they get background checks?

All Shadow Mountain staff members go through the same district background check. Some of the staff are teachers in the district.

What if we go to a charter school that is within the Nebo boundaries? What if my student is home schooled?

Shadow Mountain is open to current 5th grade students who live within the Nebo District boundaries.

Can I come and pick up my student from camp for other activities or events?

We need parents/guardians to only sign their student up for a session that would allow the student to stay for the whole camp session. If it is absolutely necessary for a parent/guardian to pick up their student, such as in an emergency health situation or a family emergency situation, then arrangements can be made with the staff.

Do boys and girls go up together for the same sessions?

Boys and girls attend separate sessions. Boys will attend camp during the first five sessions and girls will attend during the last five sessions.

What if I need to change sessions because of a conflict?

If it is necessary to change sessions, you must call Shawn (801-489-3021, ext. 6). He will drop you from the session you are registered in and provide a refund. He will also let you know if there is another session that has an opening.

If my desired session is full, can I get on a waiting list?

Yes. If you try to register for a session and it is full, your name will be placed on a waiting list for that session. You can then try to register for a different session. If that session is full, you will also be placed on that waiting list too. Sometimes a student will drop, freeing up a slot in the desired session. That slot is then open and calls will be made to parents/guardians in the order names were placed on the waiting list.
